KASHISH SINGH

Aspiring Software Developer | Python & Data Analytics Enthusiast

PHONE: 7058853395 | kashishsingh422@gmail.com |

ABOUT ME

Motivated and enthusiastic BCA student with a strong interest in software development, Python programming, and data analytics. Passionate about building practical projects and exploring emerging technologies. Familiar with Python, SQL, web development, and data analysis tools. Eager to apply technical knowledge, enhance problem-solving skills, and grow as a software developer through real-world opportunities.

SKILLS

- **Programming Languages:** Python, Java
- **Web Technologies:** HTML, CSS
- **Database:** SQL, MySQL
- **Frameworks & Libraries:** FastAPI, Pandas
- **Tools:** Power BI, Git, GitHub

PROJECTS

Career Sphere – Python, FastAPI & Web Development [GitHub | Live Demo]

- Built a full-stack career platform consolidating corporate job opportunities, official government vacancies (UPSC, RRB, SSC), and student internships.
- Engineered backend REST APIs with Python, FastAPI, and Uvicorn, implementing secure Bcrypt password hashing, PyJWT authentication, and rate-limiting.
- Implemented intelligent multi-dimensional eligibility matching and an integrated ATS-compliant resume builder with live print preview.

SYRAX – Voice & Gesture Intelligence System [GitHub]

Speak. Gesture. Control.

- Developed an AI-powered desktop assistant combining real-time speech recognition and computer vision hand tracking for touchless computer control on Windows.
- Implemented hand gesture recognition via OpenCV and MediaPipe Hands with coordinate smoothing, swipe velocity detection, and state machine gating.
- Designed a futuristic Tkinter GUI featuring real-time audio waveforms, live camera HUD tracking, and intelligent mic-muting during TTS speech playback.

Job Market Analytics – Python, MySQL & Power BI [GitHub]

- Engineered an end-to-end data analytics pipeline using Python and Pandas to extract, clean, and process multi-industry employment data.
- Integrated relational MySQL database storage and created FastAPI REST endpoints to serve structured analytics on job roles, salaries, and required skills.
- Designed an interactive Power BI dashboard visualizing hiring patterns, salary distributions, and market demand across job categories.

EDUCATION

Bachelor of Computer Applications (BCA)
Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon
Currently Pursuing (Expected Graduation: 2027)

Higher Secondary Certificate (HSC – 12th)
Percentage: 65%

Secondary School Certificate (SSC – 10th)
Percentage: 73%
